

### **Oral Poster Discussion Notification**

**16th International Conference on AIDS and STIs in Africa (ICASA 2011)**

**Addis Ababa, Ethiopia, 4-8 December 2011**

Dear Leopold Gustave Lehman,

On behalf of the Scientific Programme Committee members, we are pleased to inform you that your abstract A-403-0010-03465 entitled "**Circadian variation of absolute CD4 count in healthy individuals and HIV-AIDS patients in Douala Cameroon**" has been selected for a **Oral Poster Discussion Session** at the **16th International Conference on AIDS and STIs in Africa (ICASA 2011)** to be held in Ethiopia 4-8 December 2011.

The Oral Poster Discussion Sessions are chaired and will consist of up to five oral presentations of five minutes each. A five-minute facilitated audience discussion will follow immediately after each presentation.

- As a presenter (*Leopold Lehman*) you are asked to prepare a PowerPoint presentation that summarizes your work.
- You are also asked to prepare a poster to be displayed at the Poster Exhibition

Posters will be displayed from Monday to Wednesday, 5-7 December 2011 in a daily rotation. Presenters are asked to be available at their poster's location at midday on a specific day (Monday through Wednesday) to answer questions and provide further information on their study results.

Detailed information on the session, equipment available in the session room, guidelines for the preparation of your PowerPoint presentation, and the presentation upload procedures will be sent to you in **October**.

We hope that you will be able to join us as your participation is important to the success of the conference.

Yours sincerely,  
ICASA 2011 Abstract Team  
on behalf of the Scientific Programme Committee
